

Day Services

at Best Lives Lancashire

Creative Arts

Based at Lisieux Hall, Creative Arts supports people to develop their artistic skills. We use diverse mediums, including textiles, painting, ink printing, and clay work. It is a supportive setting for exploring creativity and building confidence.

Digital Media

Due to popular demand, we have recently expanded this service. It offers a creative environment to grow your digital skills. You can explore game design, music production, video editing, or podcast creation. We support you in using new tools and expressing yourself through hands-on digital projects.

Best Days

Best Days is a warm and welcoming service for those who enjoy a slower-paced environment. Activities stimulate the mind and encourage social connections, ranging from arts and crafts to singing and reminiscing. Enjoy life in a relaxed setting while building practical life skills.

Community Based Services

Outreach and Community Support

Build independence and confidence in your local community with tailored one-to-one support. You can pursue hobbies, enjoy leisure activities, or take day trips to nearby cities and towns. We design the service around your goals because it is your day and your choice.

Food-based Enterprises

Roccoco Café · Marina Café

Gain real work experience at our inclusive and busy community cafés. You will build confidence in catering and hospitality by learning food hygiene, cooking, baking, and customer service. Play a key role in running the cafés in a professional, supportive environment.

Horticulture

Growing Together · Hands-on Gardening

Our award-winning horticulture programme offers a hands-on space to grow and build confidence. Gain practical skills in everything from sowing seeds to harvesting fruit and vegetables. We also support local colleges with qualifications and provide gardening services to the wider community.

Animal Care

Pets Corner

Work with animals in a purposeful and engaging environment. We care for a variety of animals, including goats, chickens, rabbits, and tortoises. You will gain hands-on experience in feeding, grooming, and general welfare while building confidence through meaningful activity.
